

Nice, Palais des Congrès « Acropolis »

October 25th, 2013

ACROPOLIS
1 Esp. Kennedy,
06300 Nice, France

The partners of the project participated in 3rd Regional pedagogical Conference in Nice dedicated to children bilingualism, organized by the association « Alliance Russe », coordinator of educational centers on an extracurricular basis in the south of France. The international Conference took place under the slogan of the project LEO EFFECT « Learning from each other ».

The speakers of the Conference were leading international experts whose main area of expertise is childhood bilingualism. The representatives of each organization, specialists in the field of children's bilingualism, made presentations of the educational programs of their schools.

Then was hold a teacher-training seminar and discussion about problems of children bilingualism, and the participants had a rare opportunity to share their experiences and to learn from distinguished leaders in the field of bilingualism, psychology and linguistics.
